

LIGHT THE NIGHT

LIGHT THE NIGHT FOR PEACE & FRIENDSHIP

Imagine millions of small flames guiding our paths toward a culture of peace, acceptance, mutual respect and harmony throughout our neighborhoods, cities, states and nations. Our quest for peace and friendship begins now on a day that created a culture of despair, division and violence among us all. We will replace it with the culture of hope, inclusion and peace by working side by side. Together we can create a world we would be proud to leave behind for our future generations.

To honor 9/11 victims and their families we will host a candle light vigil and breaking of the Ramadan fast. Please join us in sowing the seeds of peace & friendship in remembrance of our loss.
